P.S. 204

Every year, P.S. 204 Vince Lombardi Elementary school in Brooklyn participates in the Penny Harvest. The students, parents and faculty raise \$700.00 in the fall. Based on how much money they raise, the students get money to give to community organizations. Every year I work with a class of students on a roundtable where we discuss our community concerns and we research organizations that help these needs and then we choose which organizations we will contribute to and how much we will give them. This year, Pietro's Fight was one of our choices. Thank you so much P.S. 204! What a great school
